This Creativity Camp is a day-camp where the arts staff guide children in learning through the arts – human being’s first language. Learning becomes fun, creative, and a valuable process to apply anywhere. The arts include science experiences and connect learning to provide an open opportunity for children to explore, demonstrate, and develop wholesome individual and collaborative abilities. Each week is exciting and challenging and based on expanding creativity, innovation and collaboration.

Creativity Camp utilizes the arts and to develop multiple intelligences learning incorporating brainstorming, thinking, planning, doing, imagining, testing, reflection and sharing. **Camps 1, 3, 5 & 6** include: 2 art classes, 1 dance class and 1 theatre class. Creativity Camp is facilitated by professional teaching artists who help children explore the creative process through drawing, painting, pottery, dance, theatre, creative writing and self-interests with everyday activities and experiments. Teaching artists place emphasis on family values and the young artists’ interpersonal development within a community where difference is valued, expected and respected.

**Specialty Camps 2 & 4** provide campers to focus on specific media and an in-depth process to allow campers to create more advanced products. **Family Day** is a 1-day, 9am-5pm experience at Seven Eagles Historical Education Center in Grand Rapids OH.
